He was my first. My everything. My brother's best friend. Filthy-mouthed, tattooed, arrogant, womanizer. Tyler knew how to melt my panties...

and my heart. But he disappeared when I needed him. Now years later, he's back for Christmas as my brother's friend and business partner.

Sitting at my parents' dining room table, Undressing me with his eyes.

I can't forget the night he took my V-card. And I wonder what harm would it be to replay that scene now... It'll be just one more night. Hit-it-and-quit-it. I'll finally get over him and move on with my life - once and for all, right? Now that Santa's making my wish come true, I can see my whole world turning upside down. Turns out this is the hottest mistake of my life. And screwed has never felt so good! ***This is a full length novel with a happily ever after, no cliffhanger, no cheating, and plenty of steam. Bonus content included.***
