As a single woman in this crazy and competitive dating world, I quickly realized that neither women nor men seemed to have a clue what to do on dates or with themselves before venturing out of the house. My real frustration and desire to help came from on-line dating sites where, instead of putting their best foot forward, singles seem to be lost in mediocrity. I can help you maneuver this end landscape and become better than you thought possible. This dating & relationship manual is designed for men and women who have forgotten how to date or just never learned in the first place. Dating in 2012 is fast-paced and very competitive. The title speaks for itself; if you don't Evolve, you will Die a fast death in the dating world.

Let me take you on a quick journey and help you get off the couch and front-and-center in the dating world.

And for those of you already in a relationship...step into the fast lane and get that relationship sizzling again. Evolve or Die Single is for single men and women of any age looking for some guidance in the dating and relationship world. The advice given is direct and humorous, and includes some of my very own dating stories.
