After nine year-old Benjamin Buckingham calms down, he chooses between chasing after the dinosaur into a secret world or... going to school. What Benjamin finds is an imaginative world with castles filled with people who create dreams. But, Benjamin discovers something else, something awful, something treacherous. An evil castle creates nightmares and the ruler of this castle wants to destroy all the dreams. Benjamin begins a quest to save a kidnapped king and finds talking animals, magical castles, and frightening monsters along the way. Will dreams survive? Will nightmares be destroyed? Will dinosaurs continue talking forever? PRAISE FOR BENJAMIN BUCKINGHAM AND THE NIGHTMARE'S NIGHTMARE: "Come for the talking dinosaurs, stay for the TALKING DINOSAURS!
