When 22 year old Shayla Wiggins agrees to be a gestational surrogate for a prominent mixed race couple, she never expects them to divorce partway through the pregnancy and decide they don't want the baby anymore. Pregnant with a baby that's not hers and with no way to support it, headstrong and independent Shayla has never felt so help in her life. Enter handsome, young billionaire Everett Connors. When he spies the young, pregnant beauty crying outside his attorney's office one morning, he immediately offers her a tissue and a sympathetic ear. But Everett can't leave her. Not like that. So he offers her a bit of assistance, never expecting that a small gesture of kindness was enough to turn both of their situations completely upside down.
