Confronted by disturbing changes in herself, Judith resolves to return to the human world. First she must solve the Faerie Queen's riddle, a task made harder by the addictive erotic distractions offered by the elves.

Devoril, coming face to face with Judith for the first time since he accidentally brought her to Faerie, is devastated by her apparent unconcern for him. Part 4 of a six-part erotic romance fantasy serial, this episode contains multiple graphic sexual interludes and is recommended for readers 18+. 5,000 words, or about 21 pages.
