Are you burdened with too much reading and too little time? What most of us wouldn't give for just one more hour in the day, right? No worries! Learning the strategies of speed reading in this book can drastically improve your reading AND comprehension skills! With just a little patience and practice, your reading pace can be increased by 300 percent or more. There's no need to sacrifice comprehension for speed, either. Applying the speed reading techniques in this book will open hours of time each week, alleviating the guilt you feel for failing to address that stack of business articles and unanswered emails. Discover how you can train yourself to read and understand twice the material in half the time. Learning has never been more fun and efficient than when practicing the skill of speed reading.

Explore a whole new world, and create more personal and professional opportunities by applying all the brain-boosting exercises offered within these pages. Optimize every reading moment by mastering some basic skills like scanning, skimming, and summarizing. In no time you'll be replacing poor reading habits with

easy-to-establish ones that help to guide and expand your field of vision. At the same time, learn how improving your reading skills can motivate you to reach success in other endeavors. By practicing the skills involved in speed reading, you'll establish innovative behaviors designed to improve your focus, memory, and overall health.

Reasons to Make This Book an Essential Tool for Learning Speed Reading: Introduces strategies in an easy-to-understand manner Enables you to move from the "why" to the "how" you should learn the skills Thoroughly describes the reasoning behind every exercise Teaches you to elevate comprehension while increasing speed Identifies the bad habits that prohibit reading at a faster pace
