There simply is not a better comprehensive Bible concordance. A classic word-and-verse reference for more than a century, Nelson's improved edition sets the standard. It's completely updated with easy-to-read modern type and extra Bible study aids, including a 200-page topical index, the famous Hebrew and Greek dictionaries, and convenience features such as pronunciation guides, the words of Christ emphasized, and Nelson's Fan-Tab(TM) Thumb Index System.
