[The Countess Angelique: Part 1. In the Land of the Redskins.epub](#)

On the far frontier of New France the lovely Angelique enters a rough, masculine world of warring settlers, fierce Iroquois, and lonely soldiers whose hungry eyes watch her every movement... She risks her life to save Outakke, the savage Mohawk chieftain, from treachery and death...and the people of the Five Nations bow down before her... Never has the emerald-eyed beauty attracted so much attention, seen such handsome men, or faced so many perils...
