For untold generations descendants of the Heroes of the Line have waited to be called to war. Today two brothers will learn that they are destined to save the world. Nick and Frankie Emerson are descendants of The Line a band of ancient heroes who once saved the world of light from sinister agents of the Living Dark. Once again war is coming and a new band of Heroes are destined to be led by Nick and Frank. But first the boys have to survive childhood. The tug of war between light and dark is just getting started and the sinister Schades will do anything they can to keep the Emerson boys from their destiny, including bending unsuspecting humans to their will. Snatched off the streets and held captive by a pawn of the enemy, Nick soon learns that there ARE people you can turn to. That family isn't just blood. And that REAL heroes are the ones who don't give up.
