Sometimes when things are falling apart they may actually be falling into place. Lush, evocative and deeply humane is a love story that revives all hope for the soul that still awaits to be loved. Fly me to the moon is a romance story that captures every emotion. This coming of age short story told in verse speaks to loss, brokenness and finding love all over again. Ted grew up in a home where it was taboo to speak about sex. Having to find a definition of his own it lead him to a notorious life. In the game of romance mistakes are a must and Ted will come to learn that there are consequences for trifling with a woman's heart. Ted has an innate desire to find true love, yet he must learn from his mistakes, stop behaving like a boy and become the man that treats a woman as a lady. Told in the first person, Ted shares his story to remind us that it's still possible to find that kind of love that will fly us straight to the moon. moon.
