Never has the transition from childhood to manhood been more dangerous or more confusing than it is today. With tragic results, today's boys rarely learn from the adults closest to them what it means to become a man. In this celebratory and hopeful book, Brian Molitor, a father of four, shows parents and other concerned adults how to b young men with mentoring, intentional bing, and rites of passage, so that they become the men God created them to be. Offering compassionate and creative solutions, Molitor shares: - What other cultures do to recognize a boy's coming of age- Biblical foundations for mentoring, intentional bing, and rites of passage- How Parents can celebrate their son's coming of age- What churches can to do help boys grow into mature manhood - Tips for single parents and others with unique circumstances
