FBI Romance An Agent Goes Rogue Rick Edwards was one of the most respected and premier FBI agents in the country. His reputation was well known throughout every branch of law enforcement as he had successfully recovered more kidnapped and abduction victims than any other agent before him. He had a tire work ethic and would not rest until the victim was reunited with their loved ones. One case however completely changed him. The case of Heidi Jones changed everything, he had never worked a case so hard and so long. Everyone thought it was hope and they'd eventually find her corpse but Rick knew she was alive and finally after almost a year and a half he found her. But working that long and hard on a case changes a man and that's exactly what it did to agent Edwards. His mind began to drift and distorted thoughts overcame him. He was now no better than the scum he chased and he had his sights firmly set on Heidi Jones. This Book Contains Mature Themes 18+ Only
