If Arnold Palmer is indeed the King of Golf, then PGA professional Brad Brewer, the author of this book, is one of his most attentive courtiers. For more than a quarter century, the founder and president of Orlando's Brad Brewer Academy has closely observed and interacted with his talented friend. Over the years, the ones that Brewer has learned from the now white-haired legend have extended into fields far beyond putting technique and club selection.

Mentored By the King proves it worth by showing how the champion's steady principles can aid readers in sports, business, and life. An inspiring gift for any links enthusiast.
