Have you ever felt alone in a room full of people? Have you ever felt unappreciated or taken for granted? Have you ever thought no one truly understands you? Have you wondered what the point of it all is? Do you feel blocked in achieving what you want? Do you feel like something is missing in your life? Soul Talk Earth Walk takes you on a journey into self-discovery and a unique insight into yourself and the people around you.

It teaches you how to really listen to all the hints you get in your life. Using clever analogies and case studies of every day people. There is an answer to everything. Finding the 'why?' has always been my quest even as a child. Now after working with clients for 20 years I have a unique understanding of peoples 'whys?' and many secrets to understanding life. Why we do what we do. Why do things happen to us. Why our life is the way it is. What our bodies are trying to tell us. Why we limit ourselves to only be part of who we are meant to be. No matter what age you are, Soul Talk Earth Walk invites you to discover the real you and gives you the opportunity to be who you are really meant to be and love it. Guilt free. Embrace your past.

Understand your present. Love your future.
