Most people run away from the unknown. Me? I chose to run toward it and never look back. Unaware of the consequences of my actions in small town Texas, I dove deep into paranormal research. It consumed my entire life. Taken from a decade of personal journals and interpreted by Rae Louise, Diary of a Gonzo Ghost Hunter is an extremely honest journey down a road traveled. What shadows lurk in the darkness outside of bedroom doors? I was determined to find out. What's it like to walk in the shoes of a ghost hunter? It's all here. As someone who lived through what you're about to experience, it is difficult for me to read.

For some, it will be the fuel that drives their curiosity. But for others ... let it be a warning. Every step you take toward the dead leads you further from the living.
