'A marvellous mix of an adult book for children and a kid's book for grown-ups' Enough adventure, excitement, animals and nasty ickies to keep everyone enthralled.

THE KINDRED CHRONICLES - Book One - THE CORVID PROPHECY – Complete Part One – Jo-Jo Feather & The Fledgling Prince Part Two – Jo-Jo Feather & the Prince of Crows (Both parts are still available separately for Kindle at Amazon) SOME HEROES ARE BORN, SOME ARE MADE; OTHERS ARE LAID AND HATCHED When The Creator sends an invitation, be honoured - When Nature calls you into battle against things evil and unnatural, be willing and resolute - When The Dark Demon himself hungers for both your lifeblood and your inner spirit, be afraid. The natural world is about to end.

All life on Earth is doomed. For as the corvid seers foretell, demonic forces are about to be irrevocably unleashed; ones that will bring about the final age of ice and darkness. The Long Dark Winter will be upon us. And yet, if this ancient prophecy is to be given full credence, there is still the merest glimmer of hope; a slim chance for salvation. For it is further fabulously foretold, that a human boy and a young crow are destined to come to the fore and make a stand.

These two, Nature's last and only hope.

Just a boy, a bird and a small, mixed troupe of equally brave and determined, yet somewhat oddball and eccentric creatures... Could the continued survival of all living things really be reliant upon such a motley bunch of animal Kindred Spirits?... Apparently so.

Jo-Jo Feather is just an ordinary lad with an extraordinary gift, and Barnaby just a rather scraggy, young crow. Yet the most damnable of all demons craves their destruction.

For it too is very much aware of The Corvid Prophecy. The fate of all life on Earth is soon to be decided - The Kindred Chronicles - The Corvid Prophecy - So it begins... THE KINDRED CHRONICLES - Book Two – THE LONG DARK WINTER – Part One – Jo-Jo Feather & The Demons of Blaggemire Manor - will be available for Kindle 1st quarter 2013.
