Throughout the years, Pope John XXIII has become one of the most beloved figures of our time—a man who lived the words he spoke so long ago. *Shine with Glory* is a collection of inspirational quotations from some of John's most moving writings and addresses. Pope John's last collection of sayings, *Prayers and Devotions from Pope John XXIII*, also published as *Days of Devotion*, has been continuously in print in various languages for more than 30 years, a testament to his universal popularity and the timeliness of his words. Published to commemorate the expected beatification of Pope John later this year, this newest collection is sure to appeal to all who seek guidance, comfort, encouragement, and joy.
