India's Research and Analysis Wing or RAW has a special section. Their operatives are known by numbers not pseudo names. Their best operative is designated the number 21. When Naval Commander Raj Anwar finds a photo of him which points at 21 being involved in a terrorist explosion, he has no choice but to hunt him down. Soon Raj Anwar is pulled into a world of international espionage where everything is not as it meets the eye and the threat are not just to his life but to India as a whole.
