Anticipating the arrival of her ex-husband after spending two long agonizing weeks apart, Eden Mercer has every intention of spending a hot and heavy night with Dominic Armstrong. But she's horribly disappointed when the media mogul puts work once again ahead of their fledgling relationship, opting to remain overseas instead of returning to her and their son.

So Eden resolves to spend her nights at home alone, eating the expensive chocolates he sent her and eagerly wearing out the AA batteries in her "special friend". But Dominic has other plans in mind for his wife, none of which include being replaced by a sex toy.

With every intention of licking and devouring every inch of her delectable body, he'll give her a night she won't soon forget. Lick & Devour is an erotic novelette meant to stoke your flames so you can Lick & Devour your own special someone! 18+ mature audiences only.
