Could her gift be the very thing that would destroy his love for her? Alanya - Extremely beautiful, confident, and regal. She wore the garments with the grace of a Supermodel. No wonder Griff was head over heels for this woman. She loved him too, but she was convinced that it was her secret that had drawn him to her. Griff - A quiet guy, always flirting with the outskirts of any family gathering. He'd previously been held captive and had spent the last year in extreme pain. But he knew these feelings for Alanya were real. In fact, it was the most certain thing in his life right now! In Alanya's mind, she'd never been free a day in her life. First, she'd been chained to her father by his manipulative and controlling ways. Then she'd been stuck in Herta, struggling always against the urge to fall slave. And now Griff was back in her life. But she knew it would not last! Torn between her feelings for Griff, was this gift really a curse to drive them apart? Together they were a force, but apart, the final mission to free the captives could fail. What would this mean for all those shifters on Herta they needed to protect and set free? This is the book 5 in the "Shifter Fever" Series, but can also be read as a standalone. No cliffhangers. The story is a paranormal shifter romance which contains strong sexual themes/language and is not intended for readers under the age of 18.
