Tom, a widower and aspiring author (with a penchant for Hobnobs) is in need of a new start. Inspired by his therapist, the 'Fifty Shades Phenomenon', and his lack of literary success, he sets out to write an erotic novel – after all, how hard can it be? But as writing erotica proves a challenge for a man more unsure than hardcore, Tom finds himself enlisting the help of an eclectic group of co-authors. Brought together by their authorial ambitions and fondness for innuendo, their project becomes a collaboration that will change lives, open minds ... and prompt the purchase of an unfortunate PVC catsuit.
