Have you ever wanted to be a memoir writing for others? You know you can, but do not know how to put it into practice ? This how-to practical guide will give you a quick blueprint for writing memoir for others. What you'll learn in "How to Write Memoirs for Others": You get a concise and thorough guide explaining clearly how to become a memoir writer for others. You will discover all of the steps required to write a memoir for others, from the preliminary stages before the meetings start and how to manage the meetings right through to the publication of the book. It has a logical and simple construction and it reviews the process from beginning to end. Included, is also a section discussing problems and solutions that may crop up. All of the advices in this guide are based on many years of experience in the field of memoir writing, both working with interviewees and other people as well as the actual writing and documentation.

If you have the ability to listen, connecting with people and the ability to write - you can easily start with a new pleasant job. The advantages of writing memoirs for other people are numerous; apart from the fact that this is an interesting, challenging and satisfying job, it also doesn't require that much financial investment. A pad of paper and pen (or laptop) and a voice recorder (a laptop with a mic is also more than adequate). This practical guide will provide you all the advice, tips, and answers to the many questions that arise before and during the process of writing memoirs for others. Good luck!!
