At the age of nine, Appolion's immortal future was forever chanced when his parents sided with Lucifer in the revolt against Michael and the angel warriors. Dragged against his will to Hell, with his twin sister Rachael, he spent centuries being abused and tortured until he was finally exiled to Earth.

With nowhere to go and not even knowing if he is angel or demon, Appolion lives a lonely, bleak existence. All that changes when it is discovered that he possesses rare gifts that set him apart from
