The author has written an engaging book telling true stories of six modern day virtuous women in the making, and nine women from the bible, many of whom had vices like infidelity, drunkenness, arrogance, selfishness, etc. and the steps they took (with God's help!) to overcome these failures. Each embodies attributes of the Virtuous Woman described in Proverbs 31. The author has given the woman described in Proverbs 31 a name, and her name is Wisdom.

Wisdom is vibrant, intuitive, intelligent, and inspiring, reliable and responsible, tangible and thick skinned, unassuming, obedient to the Lord, organized, unceasing, sanctified, submissive and serene. How can you become more like this woman called Wisdom? This is a perfect book for small group or individual study. ... "Denise has made this book come alive in sharing her own life journey and faith struggles in pursuing our Abba Father and has found the promise of virtue that is meant for each young woman and His unrelenting love and pursuit of us."
