I needed a perfect system to get organized! David Allen's Getting Things Done (GTD) on modern personal productivity helped me find such a system. It what I would like to call a personal productivity primer that is built around the simple premise that if you can get everything that's swirling around inside your head – ideas, lists, goal...literally everything out and onto a system that you can trust then you will be able to focus on the here and now, you'll become calmer, more clearheaded, and more capable as a human being.
