Living fulfilled is how to have a happy life. People who are happy naturally accomplish more on the job, so they get the promotion and raise.

They are also a joy to be around, so their relationships are meaningful and thrive. Why do some seem to flourish in life regard of their circumstances and others struggle? In *Eyes To See*, author Amy K Smith reveals the one thing everyone must master to fulfill your divine vision and the steps to successfully rise above circumstances and achieve your destiny. This is something that we each choose every day, and that's our perception.

Your perception is affecting every single area of your life. Are you flourishing in life? Are you living fulfilled knowing each day that you are giving the precious time of your life to what God created you to do? Or are you like millions of others far from happy, stuck in the mundane, low on hope and having no clear direction? Be assured that God created you for a specific purpose, and in *Eyes To See*, once you have the knowledge how to master your perception, you will then discover how to find your purpose, how it magnificently is intertwined with your passions and talents, and how it all connects to give you God's vision for your life where you live

with energy, purpose and fulfillment.

Living fulfilled is living happy and with purpose. Are you ready to live happy? Now is your time to rise!
