Budding Cryptozoologist Anna Heart is deep in the jungles of Borneo with her mentor and love interest, the brilliant and handsome Professor Marcus Strong. While seeking cover from the rain, Anna is snatched from the arms of Marcus by a giant wild creature and carried away through the jungle! Enormously large and covered with thick hair, the creature is unlike anything Anna has ever seen before! He's huge, he's wild, and he's strangely... beautiful.

What will the creature do to Anna once he has her bound up tight in his den? Will Anna refute the advances of this wild and aggressive monster or will she succumb to its soft tongue and firm touch?
