Any time you see a person engage in illicit sexual behavior, you can be sure that he or she is a cheater, writes Jeffrey S. Black. He or she wants sexual gratification without intimacy. Likewise, Black tells us that people never leap into extreme forms of sin; they drift into them. How do we end the cheating and drifting? Because sexuality is a spiritual act, not a purely biological one, the solution is to hide God's Word in our hearts. Here Black shows us how the Bible reaches to the roots of sexual sin.
