All small towns have secrets. All small towns have ghosts. Blackcross, in the Pacific North West of America, has more secrets than most. And it is being haunted by something impossible. BLACKCROSS, a supernatural extension of the PROJECT SUPERPOWERS mythos, is a ghost story about something reaching out from the other side of the night, through the forest and mist of this remote town, to grasp at the hearts of a handful of people who may not find out that they're the targets of a strange killer until it's much, much too late.
