NO ONE TO TRUST ... Sandy McGee was a cop --- and as honest as the day was long --- so nothing infuriated her more than a fellow officer who'd turned bad. Johnny Random was exactly that, and now Sandy and her partner were assigned to protect him so he would live to testify against his former partners in crime. Together day and night, under siege from both felons and the forces of nature, they found tempers --- and passions --- running high.

Before she knew it, Sandy no longer knew good from bad, right from wrong --- who to hate and who to love.
