Should I let the MAN OF THE HOUSE teach me how to be a woman? I've always been shy so it takes me by surprise when beautiful Britney tells me that the way to get self-confidence is by being more intimately adventurous. And before I can ask what she means, she seduces me in a very TABOO way! It's so good and liberating that I'm not even shocked when she explains that it was our man of the house who made her explore her wild side. What do I do? Should I do forbidden things with him as well? \* This story is so wild that I can't go into details here. Click the cover to check out the sample for the full juicy description! \*
