Warning! This 24,000 word, male point-of-view story contains extremely explicit scenes of a forlorn husband cuckolded by not just his dominant black boss, but a wily British pimp. Expect humiliation, cumplay, straight, oral and anal sex, photography, a beautiful Swedish wife taken to her limits and a husband taken beyond his! Just as Paul thinks that he's found a workable arrangement between himself, his wife Kristina and their dominating boss Deon, British pimp Charlie arrives at their place of work with an ultimatum. He wants Kristina for his own twisted purposes, and he won't take "no" for an answer. Paul finds himself caught between two powerful men, both of whom want to control his wife, and with Kristina more focused on her lovers than her husband, it's not long before he faces temptation himself....
