Logan Ryvenbark thrives on long odds. He and his squad of brave men and women have made it a habit of overcoming impossible situations. But after accepting an assignment from a powerful intergalactic CEO, Ryvenbark and his team learn all of their past missions may have just been a warm-up to the real threat lurking just beyond the borders of the galaxy.

Experience the action and adventure of the Logan Ryvenbark's Saga. Book 1 - Deadly Voyage: Captain Ryverbark has a dozen men and women in his squad; they are facing two million savage fighters, but to him, the odds are about even. One of the last truly peaceful and genetically perfect races in the galaxy, the Aristolans, are under assault from the savage Molochs. While the Federation drags its feet to determine a course of action, intergalactic CEO Belen Morgenthal recruits Captain Logan Ryvenbark and his team to do the impossible and drive back the threat before the Aristolans are destroyed. For any other team, it would be a suicide mission. But to Ryvenbark there is always hope for the pure of heart. Get even better value for money when you purchase the Logan Ryvenbark's Saga Box Set for \$7.99, instead of paying a total of \$12 when you buy each book separately. Just type Logan Ryvenbark's Saga Discounted Box Set on the Kindle Store Search Bar.
